SINGULARITAT

A photograph showing a group of people, primarily women, gathered around a table. They appear to be engaged in a collaborative activity, possibly a workshop or a research project. In the center, a woman with long dark hair is looking down at a small electronic device or circuit board on the table. To her left, another person is partially visible, also looking at the table. In the background, there is a white tray containing various small, colorful objects, possibly components or samples. The overall atmosphere is one of focused collaboration and learning.
